

Stony®

The COMPACT Soil Renovators™ for 12 to 25 HP TRACTORS

Stony 75 NIV with hydraulic clutch on rotor end

World renowned for its RotaDairon® Soil Renovators™ range, The Dairon Company has developed a range of machines suitable for the smallest tractors of the market and named : **Stony®**

The Stony® have been designed to perform the same work as their "grand brothers" of the range RD 100/130/145 i.e.

- **Highest quality cultivation and mixing**
- **Burying of stones, debris, grass**
- **Grading** with adjustable grader blade
- **Rolling**
- **Seeding** with the *Seedy* (seeder adaptable on the Stony 75 NIV) or with the *SM 90* (seeder adaptable on the Stony 90 NIV)

Conditions of utilization

The Stony® Soil Renovators™, according to ground conditions, can be used in overgrowth or on previously and deeply loosened soil cleared of big rocks.
